how to slenderize
HEAVY LEGS

"I have been taking your course...and think it's the most wonderful thing in the line of reducing legs"

—writes Mrs. J. C. O., Lewiston, Idaho.

The most encouraging news for women with fat, flabby legs has just been revealed by Heavy Milchutin, Ph.D. If your heavy legs are due to normal causes and you haven't any disease or pathological condition, you should try to attain the slender, alluring legs you've always wanted. This well-known physiotherapist, who was President of the Metropolitan School of Physiotherapy, has an enviable record of helping lovely stage and screen actresses as well as women like yourself to mold beautiful legs. Over a period of over 30 years, he has used an amazingly natural method which is unsurpassed by anything we have ever seen.

ORDINARY METHODS FOUND TO HELP LITTLE IN SLENDERIZING HEAVY LEGS

Many women engaged in improper strenuous exercises and calisthenics used up a lot of time and energy but it did next to nothing for concentrating on trimming down heavy legs.

Other women actually tried reducing diets alone to slenderize heavy legs. Since a weight reducing diet cannot be made to take weight off any single part of your body, you may lose weight everywhere but in your legs. And if your legs lost a little weight, no drug or diet can normalize and firm the entire contour, which would remain flabby. This method does concentrate on slenderizing each section of your legs from the hips to the ankles.

IN MANY CASES DOCTORS ADVISE USE OF THIS TECHNIQUE

This progressive scientific method for slenderizing heavy legs is based on the knowledge and experience of the medical profession, physiotherapists and famous body contour experts throughout the world.

Your heavy flabby legs are usually caused by fatty layers and too much muscle tissue which stretch the muscles of your legs and cause them to bulge.

To help correct this condition properly, you should try this scientific system planned to concentrate on each section of your legs, help break down fatty layers and extra bulging muscle tissue and help strengthen and normalize the muscle tone which makes the contour of the legs more normal, firm, slender and attractive. When each section of the leg has its proper normal shape, the bulging hips possess streamlined, youthful lines which men admire, the flabby thighs are trimmed down into an attractive contour, ugly knees are daintily shaped without puffed-up pouches of flesh, the heavy calves take on more slenderized, alluring curves and even the heavy ankles show sleek, graceful lines.

WHICH LEG PROBLEMS ARE YOURS?

TESTED AND PROVEN METHOD REQUIRES ONLY 15 PLEASANT MINUTES A DAY!

This amazing method has been used by beautiful stage and screen stars, professional models and women in every walk of life. Thousands have gladly paid high fees for personal instruction here in New York City. Now this famous expert makes it possible for any woman to try his method, requiring only 15 minutes a day, right in the comfort and privacy of her own home at a tiny fraction of this cost.

You get the complete, easy, step-by-step illustrated SCIENTIFIC LEG SLENDERIZING TECHNIQUE with simple instructions for fat, flabby hips, thighs, knees, calves, ankles, gaining firmer, stronger legs; improving skin tone and circulation in legs; normal causes of heavy legs; plus measurement chart for each section of leg according to height and weight; also, how leg slenderizing may improve general health. Mail coupon TODAY!

WRITTEN ABOUT IN LEADING HEALTH MAGAZINE

HEALTH CULTURE asked this authority on legs to write a series of articles on the fundamentals of this method. This magazine rightly believed that their readers should know about this wonderful technique. Many other leading magazines and newspapers have written about the priceless advantages of correct leg contour and strength.

SEE HOW THIS TECHNIQUE HELPED JUST A FEW OF THE MANY OTHERS!

"Never before have I been able to wear shorts and play saith... Now I get many compliments thanks to your course. This is what your course did for my stout legs."
—Miss S. McN., Cloplint, Ky.

"I thought your course was just wonderful! It is really the best for acquiring more slender, graceful legs. I made a great deal of progress with your course, and would recommend it to anyone who wants fatter legs."
—Miss A. C., Drumright, Okla.
